Our vision

HEA | AN tÚDARÁS um ARD-OIDEACHAS
HIGHER EDUCATION AUTHORITY

The Higher Education Authority will work with institutions to deliver an Irish higher education and research system that is consistently achieving world-class standards of teaching, learning, and research, demonstrating the values of excellence, academic freedom and integrity, inclusivity, and social and environmental responsibility, as a means to serving the needs of the people and economy of Ireland.

What is Healthy Campus?

A Healthy Campus adopts a holistic understanding of health, takes a whole campus approach and aspires to create a learning environment and organisational culture that enhances the health and wellbeing of its community and enables people to achieve their full potential.⁴

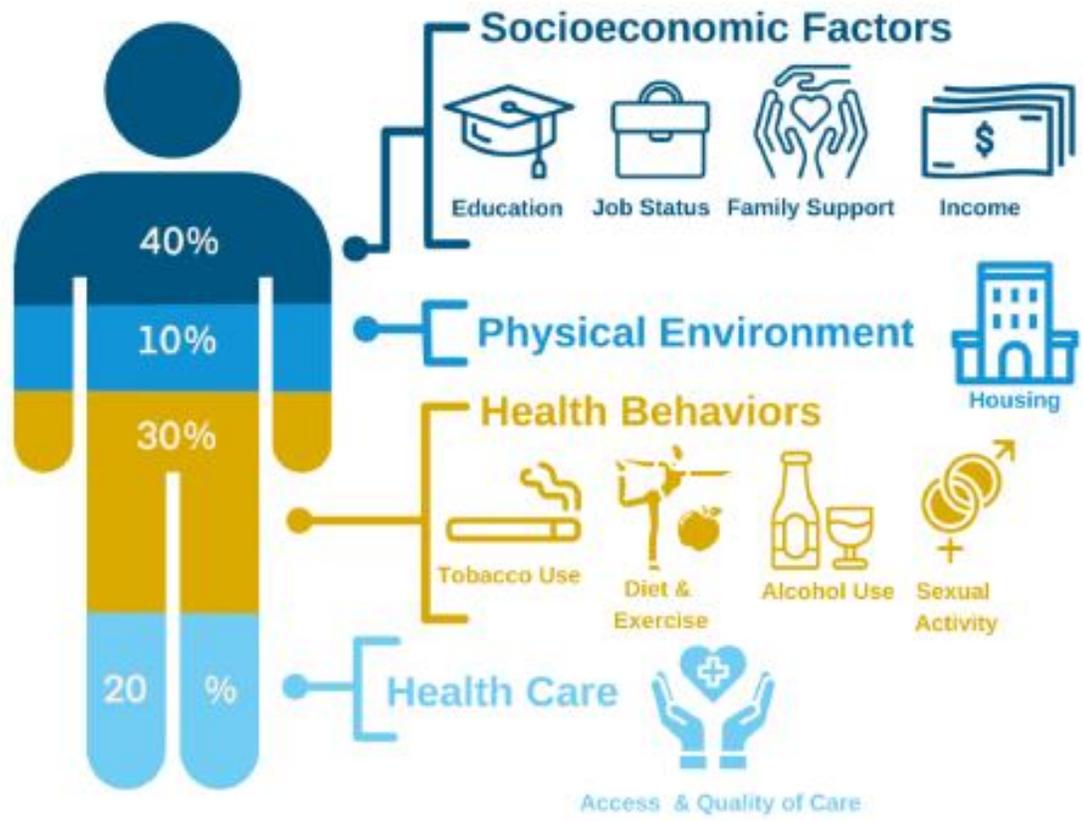

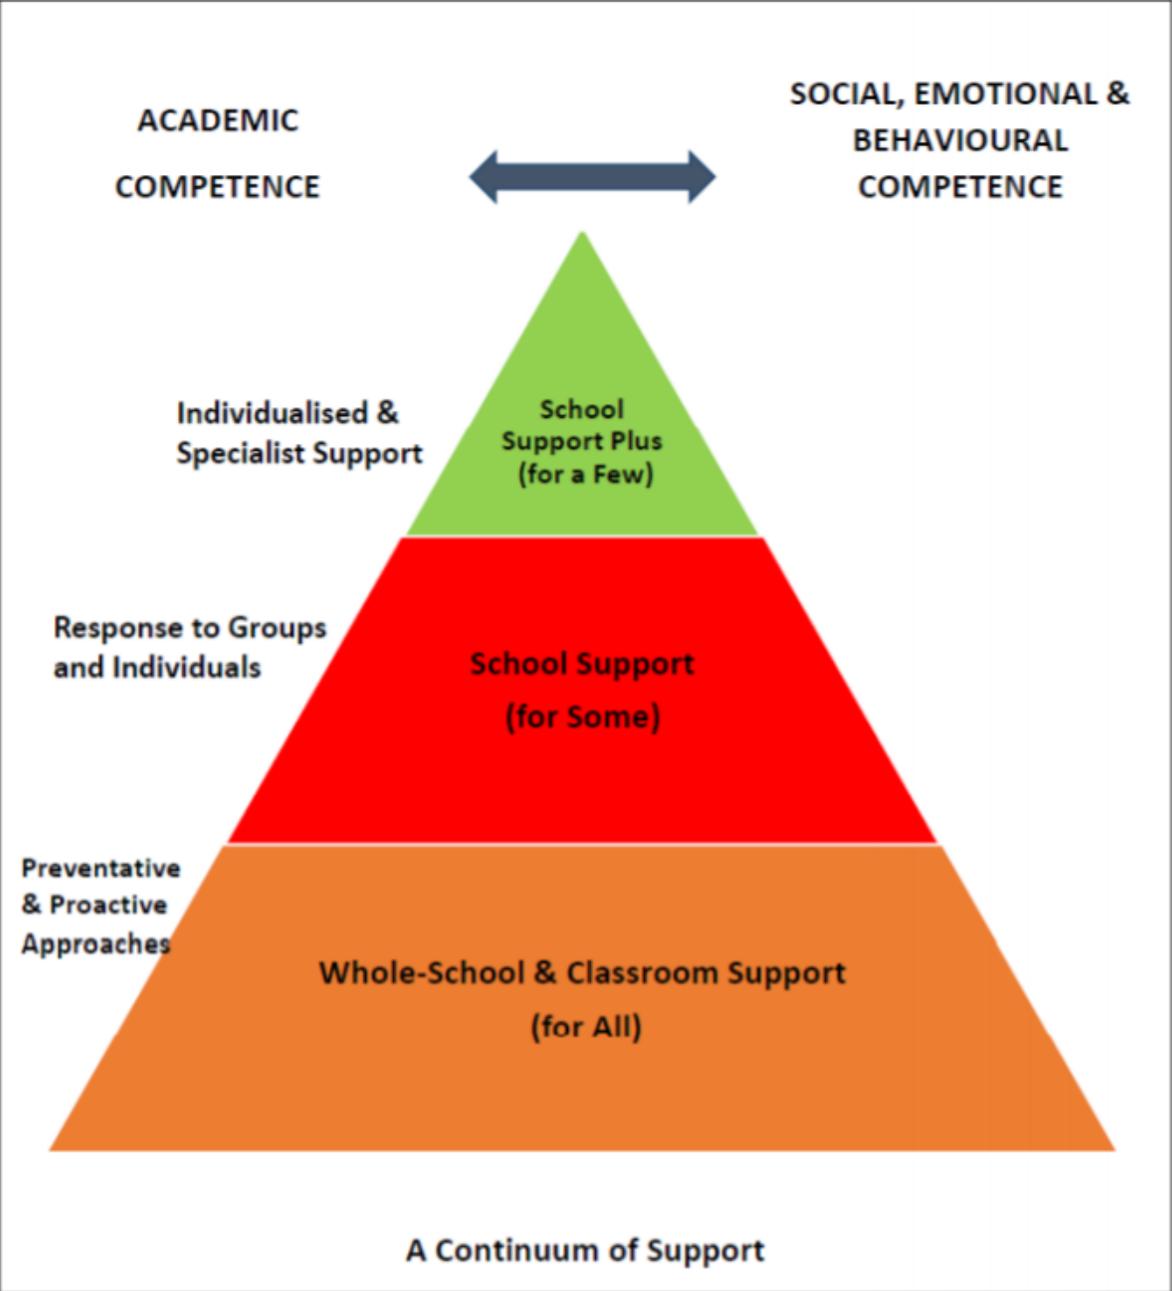

Introduction & Context

Health Promotion – World Health Organisation (WHO)

- Health promotion is understood as *“the process of enabling people to increase control over their health and its determinants and thereby improve their health.”* (WHO, 1986)
- Healthy Settings *“health is created and lived by people within the settings of their everyday life: where they learn, work, play and love.”* (WHO, 2015)

Certificate in Lifestyle Medicine

Name of institution and initiative lead	Aims and Objectives	Project Collaborators
RCSI, Department of Health Psychology	The aim of the RCSI Certificate in Lifestyle Medicine is to give students evidence-based knowledge and practical strategies (1) to instill healthy lifestyle behaviors in themselves; and (2) to support implementation of healthy lifestyle behaviors in their future patients.	Collaboration with RCSI colleagues from different departments/schools in the areas of nutrition, smoking, sleep and physical activity. International collaboration with current President of the ACLM (Dr. Beth Frates).
Date and timeframe	Aligned frameworks, policies, or strategies	Key Learning Points
Academic year 2020, 2021, 2022 and ongoing and annually	American College of Lifestyle Medicine (ACLM)	There is a considerable demand for input on Lifestyle Medicine in undergraduate and graduate students in healthcare professions. A number of students in our medical school aspire to specialize in this area post-graduation.
What was the reach?		
Initially the programme was offered to first year students in medicine, physiotherapy, and pharmacy. Now offered to students in all years of undergraduate medicine, physiotherapy and pharmacy, and the graduate entry medicine class.		

Healthy Campus Process	Topic	Population Group
Commit	Alcohol	Mental Health & Wellbeing
	Substance Misuse	Physical Activity / Active Transport
	Healthy Eating / Food	Wellbeing on the Curriculum

The Pantry – addressing food insecurity at DCU

Name of institution and initiative lead	Aligned frameworks, policies, or strategies	Key Learning Points
Dublin City University The Office of Student Life	DCU Student Life Strategy DCU Care and Connect (University Student Wellbeing Initiative) Strategy Dublin City University Strategy HEA Healthy Campus Charter and Framework	Marketing and Comms The Pantry Store became a victim of its own success in many ways. We began marketing and promoting the initiative through social media predominantly. After approximately a fortnight, we made the decision to no longer promote it as the demand was far outstripping the supply. This ensured that those who were most in need were able to access it.
Date and timeframe	Project Collaborators	Stigma We very intentionally selected a location front and centre of our student centre where The Pantry was impossible to miss showing that we were proud to showcase it in the hope students would not feel shame walking to a hidden room in a corridor.
2023-2024 Academic Year	Office of Student Life Staff (Padraig Sheehan, Joshua Dunne, Ann-Marie Brophy). DCU Care & Connect Group DCU Restaurant DCU Marketing & Comms DCU Health & Safety	Sustainability Sustaining the initiative is key, we have begun talks with the Educational Trust for sponsorship and FoodCloud for delivery of the service.
What was the reach?		
2800 students recorded		
Aims and Objectives		
The Pantry is a cost-of-living crisis response that aids students to combat food insecurity experienced throughout third level institutions due to the high cost of living.

Student Belonging

- “Students’ subjective feelings of connectedness, fit, and being valued, supported and accepted within their academic and social contexts.”
Jigsaw 2023
- University belonging is generally defined as the subjective sense of connection and integration of students with their institutions and campus community (Gillen-O’Neel 2019)

Student Belonging

- **Availability of accommodation on or near campus**
- **Opportunities to meet and connect with faculty informally**
- **Mandatory sessions to build connections between students**
- Learning about why connections matter, how to deal with loneliness and anxiety
- Online social platforms to build connections between students
- Peer mentioning/ buddying with older students

Principles

A summary of the 4-4-5-5 model:

 4 Drivers of Student Engagement	<ul style="list-style-type: none">• A culture of students as partners• The institution as a site of democratic citizenship• The institution as an inclusive learning community• A culture of institutional reflection and enhancement	ged in deciding on
 4 Domains of Student Engagement	<ul style="list-style-type: none">• Governance and management• Teaching and Learning• Quality Assurance and Enhancement• Student Representation and Organisation	fostered to create
 5 Principles of Student Engagement	<ul style="list-style-type: none">• Dialogue• Trust• Equity and Inclusivity• Empowerment• Students as co-creators	where knowledge is
 5 Enablers of Student Engagement	<ul style="list-style-type: none">• Capacity building• Institutional approaches• Supportive Policies and Processes• Communities of Practice• Sustainability	everyday policies,
